

# Bangladesh's Largest Heat and Steam Industry Exhibition and Conference

**BOILER EXPO  
BANGLADESH**

05-07 NOVEMBER, 2026 | ICCB, DHAKA, BANGLADESH

# BOILER EXPO BANGLADESH

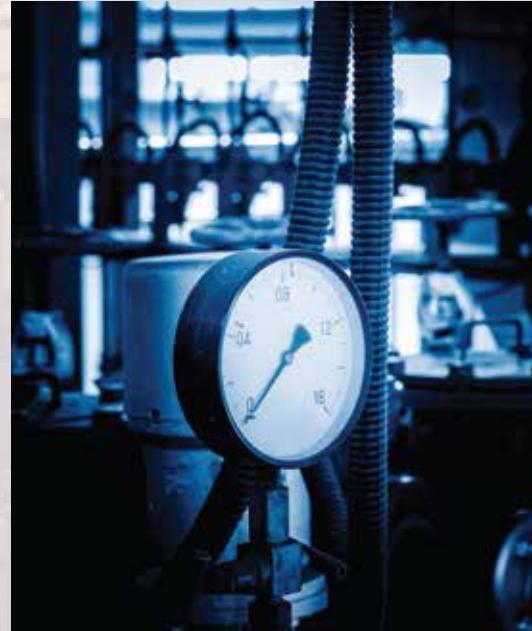

## About The Show

### Welcome to 5<sup>TH</sup> International Boiler Expo Bangladesh:

Boiler Expo Bangladesh 2026 will take place from November 05–07, 2026, at ICCB, Dhaka, Bangladesh. It is the premier international exhibition for the steam, heat, and boiler industry, bringing together manufacturers, suppliers, engineers, and industry professionals from around the world.

The exhibition provides a comprehensive platform to showcase cutting-edge technologies, industrial boilers, heat exchangers, steam generation solutions, and energy-efficient systems. Attendees will gain insight into the latest industry innovations, network with key stakeholders, and explore business opportunities in Bangladesh and the wider South Asian market. Bangladesh's industrial growth is driving a strong demand for boilers, steam systems, and thermal solutions, particularly in textiles and garments, Rice Milling, Oil Seed Processing & Refining, Food Processing, Animal Feed Industry, Power & Energy, Pharmaceuticals and Chemical Industries. The sector is rapidly adopting modern, energy-efficient, and environmentally friendly technologies to meet international standards. With increasing industrialization and infrastructure development, the future prospects for the boiler and heat industry in Bangladesh are highly promising, making it an attractive market for investors, technology providers, and equipment manufacturers. Boiler Expo Bangladesh 2026 is the must-attend event for anyone in the steam, heat, and boiler industry seeking growth, collaboration, and market expansion in Bangladesh and beyond.

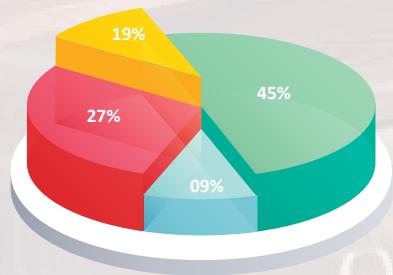

## About Industry

The majority of industries use boilers for process work or energy generation. Bangladesh is becoming more industrialized every day. Hence the growth of the boiler manufacturing sector is growing at an incredible rate.

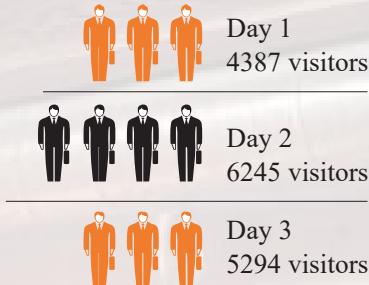

Generally, boilers are used in all factories. Among them, power plants, fertilizer factories, sugar mills, textile mills, paper mills, feed mills, rice mills, Leather the pharmaceutical industry, and the clothing industry notable. More than thirty local boiler manufacturing companies are manufacturing almost 80% of small industrial boilers and 5% of medium-capacity horizontal fire tube boilers. From the 2007-2008 fiscal years to the 2018-2019 fiscal year totals of 1900+ boilers were manufactured in Bangladesh in supervision with office of the chief inspector of boilers. Bangladesh is shifting from an agricultural to an industrial sector, with an average annual industrial growth rate of 6.6% over the last decade. The industrial boiler market is expected to grow due to the fast growth of companies in Bangladesh and the growing need for high-quality, energy-efficient boilers. Furthermore, the Industrial Boiler market is expected to be driven by technological advancements and improved technologies used to minimize carbon emissions.

# 4th International Boiler Expo Bangladesh-2025 Reports

## Purpose of Visit (Multiple Answers)

■ Buy Machinery ■ Source Accessories  
■ Buy Pump Motor ■ Get Information

- 25% MILLERS
- 28% GARMENTS & TEXTILES
- 10% NEW ENTREPRENEUR
- 11% INVESTORS
- 12% FOOD MANUFACTURERS
- 14% OTHER

## Exhibitors Profile

Automation Control Equipment  
Biomass Boiler  
Biomass Fuel  
Biomass Product and Technology  
Blower  
Boiler Burner  
Boiler Chemical and Material  
Boiler Part, Component, and Accessory  
Boiler Plate & Tube  
Boiler Service Company  
Boiler Water Treatment Equipment  
Cleaning Equipment, Supply and Technology

Commercial Boiler  
Diagnostic Software  
Drying Equipment  
Electric Boiler  
Emission Reduction Technology & Solution  
Energy Saver  
Energy Saving & Emission Reduction  
Technology  
Fabrication  
Fan  
Heat Exchange Equipment  
Heat Generating Equipment

Heat Pump  
Industrial Boiler  
Industrial Furnace  
Metalworking Equipment  
Pipe and Tube  
Power Generating Equipment  
Pump & Valve  
Safety Device  
Steam Boiler  
Solar Energy Heating Equipment  
Thermal System Control Equipment  
Welding Equipment

## Visitor Profile

- Engineers/Operators looking for new technology
- Purchase personnel & plant managers from boiler user & manufacturing industry
- Investors/bankers/venture capitalists
- Design engineers/Consultants
- Renewable energy project developers
- Agencies dealing in instrumentation
- R&D Institutions
- Academicians/students
- Regulatory authorities/Policy makers/Urban planning specialists/Utility & energy companies

**Don't miss the opportunity to showcase your brand, products, and services as a leader within the industry.**

## Exhibitor Benefits

- Have cost-effect access to over global top brands
- Exhibit your latest products, next-gen technology, innovative products, and solutions to over 8,000+ enthused audiences.
- Launch new products or services with the entire fabrication community under one roof, it will help to gauge instant market reactions and feedback on the latest products.
- Can engage directly with a large gathering of industry buyers and investors, and can build strategic business alliances.
- Unrivaled networking and business matchmaking opportunities with industry professionals
- Can elevate the market position and intensify brand visibility instantly

## Cost of Participation

Corner Space Shell Scheme: US\$ 380 Per Square Meter + VAT 15 %

Minimum Space : 9 Square Meters

Shell Scheme : US\$ 350 Per Square Meter + VAT 15%

Minimum Space : 9 Square Meters

Bare Scheme : US\$ 300 Per Square Meter + VAT 15%

(Minimum 54 Square Meter)

Package stand (Min. 9 sq.m),including :

One package stand of 9sqm includes partitions, carpeted floor, single phase socket, fascia with company name, 01 information counter, 02 chair, 01 fluorescent tube, 02 Spot Lights, 01 waste basket.
